63 / 100 Speed

! Should Fix:

Eliminate render-blocking JavaScript and CSS in above-the-fold content

Your page has 6 blocking script resources and 6 blocking CSS resources. This causes a delay in rendering your page.

None of the above-the-fold content on your page could be rendered without waiting for the following resources to load. Try to defer or asynchronously load blocking resources, or inline the critical portions of those resources directly in the HTML.

[Remove render-blocking JavaScript:](#)

- <https://deltatec-computer-aachen.de/assets/js/a5e00616c3fe.js>
- <https://deltatec-computer-aachen.de/assets/jquery/ui/1.11.4/jquery-ui.min.js>
- <https://deltatec-computer-aachen.de/assets/jquery/colorbox/1.6.1/js/colorbox.min.js>
- <https://deltatec-computer-aachen.de/assets/jquery/mediaelement/2.21.2/js/mediaelement-and-player.min.js>

Mobile

- <https://deltatec-computer-aachen.de/assets/jquery/tablesorter/2.0.5/js/tablesorter.js>
- <https://deltatec-computer-aachen.de/assets/js/56f74f8d3b1d.js>

[Optimize CSS Delivery](#) of the following:

- <https://fonts.googleapis.com/css?family=Open+Sans:400,300,700%7CSource+Sans+Pro:300,400,700%7CPlayfair+Display:400italic,700italic>
- https://deltatec-computer-aachen.de/system/modules/pct_customelements/assets/font-awesome/4.7.0/css/font-awesome.min.css
- <https://deltatec-computer-aachen.de/assets/css/8855fdf8d88f.css>
- <https://deltatec-computer-aachen.de/assets/css/8ec398b55ad1.css>
- https://deltatec-computer-aachen.de/files/cto_layout/themedesigner/css/layout_eclipse_cloudtel_deltatec_ver_8.css?1529925776
- https://deltatec-computer-aachen.de/files/cto_layout/css/customize.css

Consider Fixing:

Enable compression

Compressing resources with gzip or deflate can reduce the number of bytes sent over the network.

[Enable compression](#) for the following resources to reduce their transfer size by 14.8KiB (69% reduction).

- Compressing <https://deltatec-computer-aachen.de/files/bilder/partner/macrium-logo.svg> could save 13.6KiB (72% reduction).
- Compressing https://deltatec-computer-aachen.de/files/cto_layout/img/flags/gb.svg could save 853B (55% reduction).
- Compressing https://deltatec-computer-aachen.de/files/cto_layout/img/flags/pl.svg could save 223B (35% reduction).
- Compressing https://deltatec-computer-aachen.de/files/cto_layout/img/flags/de.svg could save 207B (34% reduction).

Leverage browser caching

Setting an expiry date or a maximum age in the HTTP headers for static resources instructs the browser to load previously downloaded resources from local disk rather than over the network.

[Leverage browser caching](#) for the following cacheable resources:

- <https://www.google-analytics.com/gtm/js?id=GTM-58MHXDB&t=gtm2&cid=486048548.1529958814> (15 minutes)
- <https://www.googletagmanager.com/gtm.js?id=GTM-PSKVHPW> (15 minutes)
- <https://www.google-analytics.com/analytics.js> (2 hours)

Minify JavaScript

Compacting JavaScript code can save many bytes of data and speed up downloading, parsing, and execution time.

[Minify JavaScript](#) for the following resources to reduce their size by 22.4KiB (14% reduction).

- Minifying <https://deltatec-computer-aachen.de/assets/js/a5e00616c3fe.js> could save 15.2KiB (14% reduction) after compression.
- Minifying <https://deltatec-computer-aachen.de/assets/js/56f74f8d3b1d.js> could save 7.2KiB (14% reduction) after compression.

Prioritize visible content

Your page requires additional network round trips to render the above-the-fold content. For best performance, reduce the amount of HTML needed to render above-the-fold content.

Mobile

The entire HTML response was not sufficient to render the above-the-fold content. This usually indicates that additional resources, loaded after HTML parsing, were required to render above-the-fold content. [Prioritize visible content](#) that is needed for rendering above-the-fold by including it directly in the HTML response.

- Only about 26% of the final above-the-fold content could be rendered with the full HTML response.
- Click to see the screenshot with only the HTML response: snapshot:12

5 Passed Rules

Avoid landing page redirects

Your page has no redirects. Learn more about [avoiding landing page redirects](#).

Reduce server response time

Your server responded quickly. Learn more about [server response time optimization](#).

Minify CSS

Your CSS is minified. Learn more about [minifying CSS](#).

Minify HTML

Your HTML is minified. Learn more about [minifying HTML](#).
